

WE INVITE YOU

TO MAKE A TRANSFORMATIVE IMPACT
ON HEALTH CARE – FOR YOU,
YOUR FAMILY AND YOUR COMMUNITY

Women are powerful. We're leaders, defenders and advocates. We're mothers, daughters and sisters, caretakers, innovators and change-makers. And when we come together as one, we're even stronger than we are apart.

“There is no limit to
what we, as women,
can accomplish.”
MICHELLE OBAMA

Mackenzie Health Foundation is thrilled to invite you to join **Women in Philanthropy**, a new network of York Region's most passionate and influential women, devoted to making a difference in our community. You'll help drive bold change at Mackenzie Health's two hospitals — Cortellucci Vaughan and Mackenzie Richmond Hill, having a direct impact on the lives of York Region families for generations to come.

WOMEN CALL THE SHOTS

We all know it's true. Women are not only the glue that holds families together, but we're often the ones making key financial and health care decisions for our households. There's no reason why women shouldn't also be at the forefront of health care decisions for their communities.

Through Mackenzie Health Foundation's Women in Philanthropy giving circle, you'll have a platform to:

- **Make a profound, positive impact** by voting on and supporting key hospital units, technologies and initiatives – from state-of-the-art medical equipment to innovative programs and procedures that will have a profound impact on your family's health as well as the health of your entire community.
- **Expand your knowledge** as you gain access to the latest research, practices and advancements in health care, hearing directly from some of Canada's most respected health care experts.
- **Build relationships with influential, caring and like-minded women** as you meet, mingle and network at group events like intimate dinners and fundraisers, both virtually and socially distanced in person following public health guidelines, of course.

STRIVING FOR THE ULTIMATE

With the support of community influencers like you, Mackenzie Health Foundation is proud to be spearheading the Ultimate campaign, the largest fundraising drive for a community hospital in Canada. More than 13,000 donors have already stepped up, raising over \$200 million of our \$250-million goal to help build and equip the new Cortellucci Vaughan Hospital — Canada's first smart hospital — and enhance care at Mackenzie Richmond Hill Hospital.

We're in the final stretch of our campaign, and we need you to help us cross the finish line. Turn your passion into action, and define what health care looks like for western York Region.
